

Hockey

In Montreal

First Game for the Stanley Cup.

MONTREAL WINS 8 TO 1.

THE GAME AS IT WAS PLAYED.

Arena Rink, Montreal, Jan. 29.

In a pouring rain the crowd is pouring into the Arena Rink. After all seating capacity was filled, chairs were placed in the open space between the boxes and the ice, which were filled at 7:30 p.m.

Rod Flett has arrived and will play. Phil ips will play for Montreal and will pitted against Scanlan.

The ice is not wet yet, but after a few minutes play will likely be sloppy from the heat of the immense crowd. The rink has not been sprinkled for two days, on account of no frost.

Both teams claim to be in the best of condition. The soft ice tonight is in favor of the eastern team. Little money is up on the individual match but on the series there is a good deal. Weather promises colder for the next match on Saturday.

8:30—Crowd becoming impatient and shouting themselves hoarse.

8:45—Montreal team comes on ice and are given a hearty welcome from every part of the Arena.

8:50—Victoria are now on the ice and received as hearty applause as the Montrealers.

Percy Quinn will be referee. Triley will be one umpire and they are now looking for another. Marte refused to act.

Montreal: Goal, Nicholson; point, Bellham; cover point, Bissell; rover, Hooper; forwards, Gardner, Marshall and Phillips.

Vis: Go. L. Olson; point, Rod Flett; cover point, Mac. Flatt; rover, Keane; forwards, Gingras, Cadham, and Scanlan.

8:45—Percy Quinn comes on ice, and after his whistle amid hearty cheers from the crowd, giving the players the signal to begin the game.

The game begins.

Winnipeg plays. South men are now playing.

8:50—They are off. The team appears a bit nervous on the start—Winnipeg made a shot on the Montreal goal but it was stopped—Mixed at centre—Keane went on his back.

End to end lifts now which relieved the forwards a bit—No combination play of any account.

Montreal started down with the forwards but Winnipeg broke up the combination.

Play is now in the Winnipeg end of the rink. A lift by Rod Flett followed by a shot on the Montreal goal but it was stopped—Mixed at centre—Keane went on his back.

Play now hot around Montreal goal, only one free from an offside so far.

An offside and some end to end lifting—Vis forwards made a beautiful shot the length of the rink and Nicholson stopped a hot one—A face near Montreal goal for an offside and another face—Montreal has not been able to work a combination so far, the Vis effectively breaking it up—Hooper has just stopped a hot one from Hooper.

The referee has just warned Phil ips for tripping Bellham. He brought the puck the full length of rink but was stopped by Gingras.

Nicholson stopped another hot one and the crowd went wild—More end to end lifting—For a short moment the Montreal forwards got to work and were ahead of their checker, the Fletts were there however, and the puck was recovered—A face now at centre—Another face from the side—And Olson was called upon to stop a hard one.

First goal for Montreal from a face directly in front of the Vis goal. Official time 12 minutes. Both teams left the ice after the first goal.

The referee has now blown his whistle. The men are returning slowly from both rooms. Both teams evidently needed a short rest.

8:50 p.m.—Second game, started.

Start end to end lifting but play mostly in the Vis territory—Olson point and a swift one from Marshall—Vis at side of Vis goal—Montreal got the puck from the face; but Flett cleared.

Gingras is put off for tripping. Two minutes—Another face—Montreal stopped and another face.

Second goal for Montreal. Montreal scored from a lift straight along the line from the centre of the rink by Hooper. Some rough play one indulged in and both sides were warned.

Gingras made a beautiful rush the full length of the rink and passed to Keane who was stopped. And a score.

attack was made on the Montreal goal but Nicholson was equal to the occasion. The second game was scored in 7 minutes.

Third game. The Montrealers got the puck and came down the ice but Flett cleared—Some end to end playing—Flett cleared—Both goal keepers were called upon for some fast work.

Third goal for Montreal in 25:1-2 minutes. Goal scored by Hooper from the side.

Fourth game starts with a fierce attack on the Vis goal—Gingras was put off for jamming Hooper into the face.

Fourth game scored by Hooper. Olson stopped a face shot from Hooper but when the puck dropped it rolled inside.

Montreal is having the best of the play although the Vis are certainly not playing in luck to-night. Gingras is on again and Hooper is put off for heavy body checking—Vis is now sloppier all over the rink—Hooper is now on again—Play is becoming somewhat slower—it did not seem possible for the teams to keep up the pace of the first 4 games—A face off at the Montreal goal as the gong sounded for half time.

Score Montreal's 4, Vis' (nil).

The Winnipegs have remained, followed immediately by the Montrealers—Second half starts—Montreal have things mostly their own way. Vis playing mostly defence—Vis are all in good shape—Rod Flett got a bad cut over the eye which required three stitches—Montreal indulging in great tripping—Game is becoming fast again.

Flett goal. Montreal scored in 4 minutes.

Montreal tripping. Game is so fast that the referee cannot possibly see everything. Although the ice was still it is very wet. The Vis are asking for brisker play—Olson appears to be suffering from a slight cold.

They cannot get through the Montreal defence—Tony Gingras makes a splendid run down the ice but is stopped by Cadham who shot and missed. Cadham shot the puck over the rink—Vis faced in front of Montreal goal—Cadham secures the puck again but misses to Hooper and the puck returns to the Vis territory—Russell makes a play to the grand stand. Magnus Flett checked him—Play is now all in the Vis territory—Russell is warned for being offside—Phillips is sent to the fence for 3 minutes for interfering with Magnus Flett—End to end play again being indulged in—Cadham secured the puck, passed to Scanlan, who loses it—The puck returns to the Vis territory—Game getting slow—Cadham just stopped a hot one from Boos—Very heavy and tame look fagged—Keane brings puck down, passed to Cadham, who misses a splendid shot—Puck returns to Vis territory—Vis have close call but Olson was good for the occasion—Tony Gingras makes a splendid run down the ice but is stopped—Magnus Flett is rushing and trying to score—The Vis are walking up and play is becoming even again—Keane drops his stick and kicks the puck to the side—Tony Gingras secures the puck and is put off for 3 minutes—Keane gets the puck again, and passes to Scanlan, who shoots and misses—The Vis miss several splendid chances of scoring—Magnus Flett shoots from centre but is stopped by Nicholson in front of the goal—Hooper secures the puck, but is stopped by Rod Flett—Play is becoming a little rough and the Vis hold their own better—Keane goes to fence for cross checking—15 minutes more to play.

Montreal scores 6th goal by a long shot from the side.

Seventh game: Olson seems to be in trouble—Offside in front of Montreal goal—Phillips secures the puck and takes it to the Vis goal; shot's but misses—Boos is playing a splendid defence—Scanlan tries a long shot but goes to the side—Tony Gingras secures the puck but loses to Phillips—Phillips is now off for tripping—Montreal is tired while the Vis are wakening up, but luck seems against them; shot after shot being lost through inexperience. Ice is getting wetter and is regular slush in places. Boos stops a hot one from Tony Gingras and carries the puck to the Vis goal—Hooper rushes and scores the 7th goal for Montreal. Time 7 minutes.

The teams are now resting—The Vis say they cannot swim, but with Charlie Johnson among them, they might eat some ice. The Vis are now chattering—Whistle sounds and players take position.

Eighth game starts—Tony secures the puck and passes to Keane who shoots but is stopped by Bellham—Scanlan and Marshall both take bad falls.

Phillips goes to fence for tripping Scanlan. 8th game won by the Vis in 2:1-2 minutes.

Scanlan passed to Tony who took a long shot and scored. The game turns on cross checking.

Ninth game:

Cadham secures and passes to Tony who loses to Phillips. The puck is again around the Vis goal and Keane secures again and passes to Tony who again loses to Boos—Falls are frequent and the ice is covered with water—Every shot is followed with a spray of water and the players are all well soaked. The Vis are making a desperate attempt to score but their shots fall short—The crowd is beginning to leave—2 more minutes to play—Rod Flett secures the puck but trips and slides in slush—Cadham shoots and hits the post—The 9th game won by Montreal in 10 minutes and 13 seconds. Bellham scored from Cadham and hits to Gardner who shoots from the side and scores.

10:30 p.m. game over. Score 8-1 in favor Montreal.

G. T. R. Explorations

Winnipeg Free Press.

Mr. C. E. Perry, civil engineer, of Montreal, who has been in the city several days, leaves to-morrow with a number of men to explore the country north of Norway House for a distance of 350 miles east and west. The expedition is undertaken in order to ascertain the difficulties and advantages of constructing a railway through that little known region, preparatory to a general survey. Ramsons have reached civilization from time to time that the region to be explored is rich in natural wealth, and the trip is undertaken in order to discover the truth of fable of these stories. It is within reasonable probability that the top of the locomotive will be heard at Norway House by the fall of 1904. Mr. Perry's report will not be a private one, but will be open for the use of the Grand Trunk Pacific railway and the Quebec Trans-Canada railway, the two corporations that are now contemplating railways across the continent. The party will explore a tract 200 miles in width by about 700 miles in length, and will do well if they can return by the end of April. They will travel by teams to Lake Winnipeg and the rest of their journey by dog teams.

Australia to Maniobia

Vancouver, B. C., Jan. 29.—G. L. Bernier and W. Neave, who have arrived here from Australia, claim that they are the advance guard of hundreds who are preparing to emigrate from Australia to Maniobia and the Northwest.

Mr. Bernier prophesies a large migration to Canada in the next few years owing to depression and discontent in the antipodes and stories of rich grain yield in Maniobia which are reaching Australia.

CALGARY ALIVE TO ITS DANGER

The city council of Calgary at a recent meeting decided to take active measures against prevailing epidemics. The finance committee advised that a report on the sanitary condition of each house, its water supply, its sewer connections be made in connection with the assessment.

The Albertan says: The report of the health committee was a somewhat sensational one. It was elaborate and pointed. It said that the health ordinances were not carried out. The committee had the framework of a systematic scheme which would make Calgary the cleanest of all cities. It recommended that a sanitary inspector be advertised for. It condemned as disgraceful the sanitary condition of the police cells and the south ward school.

Chamberlain at Ventersdorp

After the presentation of an address of welcome from the citizens headed by General Delahey, Mr. Chamberlain made a speech to a Boer commando, in which he congratulated the Boers on being the comrades of so great and gallant a man as General Delahey. He also said: "I hope he is my friend, and I hope you all are my friends. We fought a good fight, and there is nothing to be ashamed of on either side."

On the conclusion of Mr. Chamberlain's speech, which was throughout in this vein, General Delahey, unexpectedly, stepped forward and addressed the Boers in Dutch, declaring his belief that the colonial secretary was "the man to set things right in South Africa."

These speeches made an excellent impression. On proceeding on their journey to-day, General Delahey accompanied Mr. and Mrs. Chamberlain.

The X-ray Successful

London, Jan. 26.—Archbishop Mac-ray, of Winnipeg, proposed to return to Canada in May, accompanied by his nephew, probably Robert Mac-ray, the writer. The growth at the base of his spine has completely warded up under the X-ray treatment. Sir Thomas Barlow, the eminent physician, describes it as one of the most remarkable recoveries known.

CALGARY BONSPIEL

Herald, Jan. 27.
The bonspiel opened this morning under the most favorable auspices. Thirteen visiting rinks have already put in an appearance, and others are coming to-day. For the first time for six weeks the thermometer went down to five below, making excellent ice, although it rose again this morning. To-day the weather is beautifully clear and calm, with just enough cold to make it pleasant.

MacLeod and Golden each sent three rinks, and Medicine Hat two. Edmonton, which was expected to send at least two rinks, has as yet sent none, nor have any entries been received from that town. The following are the rinks which are represented:

MacLeod-McLaughlin, Young, McLean.

Medicine Hat-Pringle, Beatty. Golden-Ullock, Parsons, Tom. Priddle-Hunter, Aird. Hafford-Edwards.

Moose Jaw-Lang.

Calgary-Smith, Smart, Fawcett, Walker, McNeil, Spafford.

The draw for the Walkerville and McNeil trophies took place this morning. The first game played in the Walkerville were the following with the results as given below:

Smith, 12; vs. McLaughlin, 14. Parsons, 9; vs. Spafford, 14.

Pringle, 16; vs. Walker, 8. Lang, 7; vs. Smart, 14.

The games to be played in the Grand Challenge at 1:30 are the following:

McNeil vs. Aird.

Edwards vs. Beatty.

Ullock vs. Tom.

McLaughlin vs. Hunter.

In the McNeil trophy competition, the following games will take place at 4 o'clock:

Smart vs. McLaughlin.

Edwards vs. Lang.

Ullock vs. Aird.

McNeil vs. Pringle.

LEDUC

Leduc matrimonial business promises to be brisk during this year according to present indications. The second to enter in the holy bonds of matrimony this year was Mr. Fred Sullivan, when on Sunday last he was married to Mary, eldest daughter of Mr. and Mrs. Joseph Moyer, of this place. The ceremony was performed in the Catholic church by Rev. Father Nordman. Mr. and Mrs. Sullivan intend making their home in Leduc and will build a house in the spring. They are at present visiting Mr. Sullivan's parents at Fort Saskatchewan.

A case of breaking the rules of quarantine was brought against Mr. Wm. Schalean, a farmer in the German settlement, southeast of Leduc, by the police last week, and the trial was held on Monday evening. Mr. Schalean had marketed hogs after the usual quarantine notices had been served. Magistrate Telford and Anderson imposed a fine of \$10 and costs. The people of that locality have been very obstinate against observing quarantine since the epizootic has been prevalent in their midst and it is hoped that the example made of the above gentleman will have the effect of making others more careful.

The town is receiving an unusually large number of calls from commercial travellers this week.

A company of Swedes, of which Mr. O. G. Smith, of Calmar, is secretary, hauled a large threshing outfit out to their locality this week and will begin work at once. There is still quite a number of farmers yet to have threshing done in that western district.

Railway Disasters

Freeport, Ills., Jan. 29.—Following is a list of killed and injured by the derailment of a passenger train on the Chicago and Great Western railway near here last night.

Dead—Wm. J. Sheridan, engineer, Chicago; John Sandinsky, fireman, and W. H. Day, lumberman, Minneapolis.

Seriously injured—Edward P. Carr, Chicago, hands and legs fractured, D. D. Neese, Minneapolis, ribs fractured and head bruised, and M. Washburn, Minneapolis, bruised about body and face. A dozen others were slightly injured.

The engineer and fireman were killed instantly when the locomotive turned over. Day, who was in the demolished buffet car died from injuries and from inhaling steam.

Another Wreck

Wichita, Kas., Jan. 31.—A passenger train bound for Kansas city, was wrecked to-day at Yates' Centre. The engineer and fireman were killed. The train collided with a coal train, the rear, and of which projected over the switch of a side track.

A Canadian Millionaire

Hamilton, Jan. 26.—The estate left by the late Senator Wood is estimated to be worth between \$1,000,000 and \$1,200,000. Most of the estate can be turned into actual money without loss, as the investments were largely real estate, which can find a ready market. Owing to the fact that many legal firms were engaged by Mr. Wood it is not known which will have the task of winding up the big estate.

TWENTIETH
CENTURY
CLOTHING.

We have been granted the sole agency for this famous line of Clothing for Edmonton.

The Clothing is sent to us in neat paste-board boxes; on the front of each box is a sample of the cloth that the suit is made of.

There is no possibility of the suit becoming shop worn or losing any of its newness, when they are packed in this style.

The cheapest suit that these people make is \$12, all being high grade goods, and not the ordinary ready-made suits, but are tailor-made, and guaranteed to have style and durability.

We do not wish to impress you that the goods are cheap, for being made of the best Worsteds and Tweeds, and put together by skilled mechanics the price is reasonable, but we do not advertise them as cheap as ordinary clothing.

We will be pleased to show you these goods. You will want a suit in the spring if not at present.

If you wish a cheap and durable suit we have three different brands for you to choose from.

The Last Question

"When it comes to the butcher's block, the question of whether an animal is a worthy representative of his breed, whether his coat is black and smooth or black and shaggy; whether red, white or roan cuts no figure. What proportion of choice meat is there to waste and cheaper parts? This is then the last question. At the 1902 International, the car load of Casey Shorthorns was pitted for first place against the Escher Angus. Popular opinion favored the reds and Judge Leavitt admitted that he never had a more difficult decision to make. One lot may have been stronger in breed characteristics than the other, but the trained buyer who for many years has been able to confirm or correct his judgment of cattle on the hoof by the cold records of the same cattle in the cooler could not consider any differences of breed points even if they were any. The difference in the two lots seemed as hard to find as the proverbial needle in a haystack, but the killing test showing 66 per cent. of beef for the first prize and 63.00 for the second confirmed the judgment of the expert and again laid emphasis upon the fact that the end of all live stock is meat." —(A. C. Halliwell, editor Live Stock World before the Kansas State Board of Agriculture.)
